A wide-angle photograph of the Club Pilates studio's exterior. The building is a single-story commercial structure with a white facade and large glass windows. A sign above the entrance reads "CLUB PILATES". To the left of the entrance, there is a tall, dark signpost with multiple logos, including "CLUB PILATES" and "YOGA". The parking lot in front of the building is paved and contains several cars, including a white sedan, a silver SUV, a dark grey SUV, a white sedan, a white SUV, and a dark blue SUV. The sky is clear and blue, and there are trees in the background.

The group behind the project, Makowsky Ringel Greenberg, LLC, also the group proposing to construct the controversial Overton Gateway near Sam Cooper and East Parkway, says the new residence at McLean and Madison will target a diverse population of residents.
